Subject: RE: Modesto Groundwater Contamination Superfund Project

Hello,

This should be fine.

Thank you very much.

Subject: Modesto Groundwater Contamination Superfund Project

Hi Carolyn -

This email is to confirm that the permit request from RORE Inc. to install monitoring wells within the City of Modesto is for the ongoing investigation of contamination related to the U.S. EPA's Modesto Groundwater Contamination Superfund Site (Halford's Cleaners on McHenry Avenue). Please let me know if you need any additional information about this Site.

Thanks,

USEPA | Superfund
